

7.2.1 – Two institutional best practices

1. Plantation in college campus has been started to make ecofriendly campus. Objectives of the Practice: The college has a huge campus of 10.567 hec. of land. Plantation has been done in the campus for green and clean campus, as a result making greenery and creating a pollution free environment in the college campus. It has also been resolved to make it plastic free to develop it as an ideal campus. The Context in order to make the college campus plastic free, about 100 students (Volunteers) of the college cleaned the campus time to time. Every week 50 volunteers and other students, together collect the scattered plastic Gutka, Tobacco, Pouches, carry bags, chips packets and other plastic waste from the campus and hand over to the Municipal Corporation's garbage cast. The Practice 'Plastic free campus' campaign at the college is an innovational effort made by our college students which is directly inspired by Swachh Bharat Abhiyan.

2. Donation of Labor in neighbor village by NSS volunteers. Objectives of the Practice: NSS Volunteers visits nearby villages and perform many activities like cleaning village drainage, making soak pits and tree guards, Approach road repairing, cleanness drive on panchayat Bhawan, local school campus, Anganbadi center, worship places for better healthy livelihood and knowledge enhancement of villagers.

(1) पौधा रोपण कार्यक्रम

महाविद्यालय में 05 जून 2016 को विश्व पर्यावरण दिवस के उपलक्ष पर पौधा रोपण कार्यक्रम का आयोजन किया गया। इसमें महाविद्यालय के प्राचार्य सहायक प्राध्यापक एवं विद्यार्थियों ने फलदार छायादार एवं फूलों के लगभग 100 पौधे महाविद्यालय परिसर में लगाए। उक्त कार्यक्रम राष्ट्रीय सेवा योजना के तत्वावधान में आयोजित हुआ।

(2) श्रम दान
